

That's all folks!

Exchanging Ideas

At the end of this theme, children should...

- Know the chronology of how animation has changed through the years: Flip Books.
- Know the chronology of how animation has changed through the years: Zoetropes.
- Know the chronology of how animation has changed through the years: Stop-Motion animation (linked to IT)
- Know that understand that almost everything we see on screens is animated i.e moving pictures
- Know about some significant animation companies, some of their animations and styles and how their animations have developed over time: Disney, Aardman (Wallace and Gromit)
- Know that these are famous all over the world.
- Know how advancements in animation had to react to societal changes in values.
- Know how to sew a running stitch
- know how to sew cross-stitch and appliqué.
- know how to design a product and its template.
- Know how to decorate fabric using appliqué and cross-stitch.
- know how to assemble and complete a cushion.
- know how to use a design criteria to evaluate my own final product.

enjoy

**Learning Environment
Opportunities**

**Studio graphics -
Timeline**

**Immersive Room -
theatre experience to
launch theme.**

achieve **Question**

Have the advancements in animation changed our lives for the better?

inspire **Suggestion**

Watch an early Mickey Mouse Cartoon (silly symphonies) - what do they think? This was revolutionary at the time! Then watch a more recent Pixar short. Children could have popcorn and set the immersive room up like a theatre.
