

## English

As both **readers** and **writers**, we will be focusing on the story of "Room on the Broom" by Julia Donaldson. We will focus on retelling the story through story maps, explore the language used and use drama to enhance and improve our expression. We will also be focusing on writing well structured sentences which include expanded noun phrases and sensory language.

## Autumn 1

### Theme

As **historians**, we will be looking at the Anglo Saxons, where they came from, where they settled and their reasons for making their journey to Britain.

As **artists**, we will be looking at different shading and sketching techniques, as well as studying and imitating the work of Edward Ruscha.

## Maths

As **mathematicians**, we will be revisiting place value, extending our knowledge of numbers up to ten thousand as well as positioning them on a number line and rounding to the nearest 10, 100 and 1000. We will then move onto adding and subtracting up to four digit numbers.

# Year 4

inspireenjoyachieve

## Science

As **scientists**, we will be learning about the digestive system, looking at the function of the main organs and identifying different types of teeth and their functions.

## Other subjects

As **philosophers**, in RE, we will be looking at humanism and how humanists live their lives with a strong belief in science and facts, and in PSHE we will consider our value of courage, review our protective behaviours and reinforce our school expectations for online safety (SMART CATS).

As **musicians**, we will be listening to and comparing different gospel music, singing in a gospel style and improvising using a pentatonic scale.

As **athletes**, we will be learning how to dribble, pass and shoot during our basket ball lessons.

As **computer scientists**, we will be using the coding program 'Logo' to create shapes and a series of polygons by using repetitive algorithms.
