

English

As both **readers** and **writers**, we will be learning to retell stories using repeated refrains and creating our own stories using ones we have learnt as our inspiration. We will also be learning our sounds, being able to recognise, read and write them so others can recognise them.

Maths

As **mathematicians**, we will be developing our subitising and counting skills, along with exploring the composition of numbers within 5. We will also begin to compare sets of objects and use language related to comparison.

Science

As **scientists**, we will be learning about how to keep our bodies healthy and our senses. We will spend time thinking about how we use our senses and testing this out.

Foundation Stage

Autumn 1

Theme

As **historians**, we will be looking back at the past. We will think about what the past is and talk about our own past, and events in the past.

As **designers**, we will be learning how to design our ideas and turn these into our own creations.

inspireenjoyachieve

Other subjects

As **philosophers**, in RE we will be considering celebrations from around the world.

As **musicians**, we will explore emotions and feelings using our voices and facial expressions. We will also experiment with timbre using our voices and instruments.

As **athletes**, we will develop our skills in following instruction and playing team games. We will also develop some fundamental movements such as skipping, hopping, running and jumping.

As **computer scientists**, we will begin to understand how to use a mouse to draw a picture on the computer and how to take a picture on the iPad.
