

## School Music Development Plan

### Woodland View Primary School Music Development Plan

#### Department Vision:

*As a school, we passionately believe in the importance of the Performing Arts and the role it plays in developing the whole child - from their ability to focus and listen, to improving confidence, self-esteem and self-expression to the development of gross and fine motor skills and to the development of their creativity. To the this end, we aim to give our pupils access to a wide range of music making and performance opportunities through our class curriculum lessons, First Access projects and through year group and whole school performances such as our yearly Soiree.*

#### Through the delivery of our music curriculum (and through the wider opportunities we provide) we aim to:

**Develop listening skills and be able to talk about music with confidence** - pupils will learn to listen carefully, fine tune their auditory skills and develop their ability to evaluate, compare and appraise. They will develop their musical vocabulary so that they can describe the features of different musical styles and genres and articulate their responses to these.

**Develop an understanding of the elements or components of music and begin to explore and experiment with these** - Pupils will learn how music is created, produced and communicated, through elements such as pitch, timbre etc They will explore different methods of musical notation and use these in their own composition work and begin to read and use 'standard notation'.

**Offer a wide range of playing and performing opportunities that inspire a love of music** - All pupils will have the opportunity to play musical instruments throughout their time at Woodland View. This helps pupils to develop self-discipline and improve memory as well as allowing them to work creatively; expressing their feelings and ideas through composition and performance. It will also provide pupils with the opportunity to use technology appropriately, to enhance and communicate their own compositions and performances.

#### In addition, we aim to:

**Develop pupils' cultural and historical awareness** - Through learning about different historical periods, different musical genres, famous composers and musicians, pupils will begin to understand the importance of music's place in society. Music helps pupils to appreciate and understand a wide range of traditions and cultures.

**Support the development of a broad range of social and emotional skills** - we aim to increase pupils' confidence through self-expression and performance, as well as providing a sense of achievement. As a universal language, music enables children to break down barriers and enables communication. It will also encourage teamwork, helping build relationships by providing pupils with shared experiences. In addition, pupils will be able to demonstrate perseverance, persistence and discipline as they develop their musical skills.

**Maintain a broad and balanced curriculum**

## 1. Leadership and partnership Audit: leadership, partnership, training, budget and resource

Beginning	Developing	Accomplished	Exemplary
There is no assigned person to lead music.	There is an assigned lead of music who has responsibility for music and advocates for the subject across the school. This could be a class teacher or TA.	There is a musically trained music lead who has responsibility for music and advocates for the subject across the school. The music lead works in collaboration with the senior leadership team and music hub to drive the development of music across the school. <b>More than 6 members of staff are trained and active musicians. Strong links with the local hub.</b>	There is a three-year strategic vision for music that is in line with the National Plan for Music Education <b>This is an area in development in consultation with local music hub.</b>
Training for staff delivering music has limited impact	The music lead attends specific CPD during the year. All staff delivering music receive annual training, addressing their CPD needs and has impact.	A named member of the LGB takes a special interest in subject provision, supporting strategic development and holding leaders to account. All staff receive annual training to maintain their confidence and build expertise <b>MH works closely with NM/LW (Music leads) to map and enhance subject provision on a yearly basis. Training is provided and available at all times - e.g. Music leads attended CPD with the ROH</b>	<b>The music lead sources bespoke CPD for the school to enable high quality musical provision to become embedded in the school life.</b> Staff deliver training beyond their own school setting, sharing their expertise more widely. <b>School to explore opportunities to share expertise more widely.</b>
Engagement with the Music Hub is inconsistent Small- scale performance takes place in the community, building on existing school links.	The school takes up opportunities from the Music Hub and signposts opportunities for students.  The school can demonstrate that it is using arts and cultural professionals and organisations to support the delivery of quality provision. The school is exploring opportunities to work in partnership with other settings.	The school makes the most of a wide range of opportunities from the Music Hub, working as an active partner  The school is working in partnership with other settings, sharing resources and good practice. The school is engaged with their local Music Education Hub. <b>Musician in Residence project (Tim Smith) project. Big Sing participation. SEN music work with Marika.</b>	The school is a leading school in the local community and with their Music Hub.  <b>The school can demonstrate over time that it has established long-lasting partnerships with arts and cultural organisations that are having a positive impact on outcomes for a wider group of children, young people, and staff. This could include Arts Mark and Music Mark accreditation.</b> <b>School has achieved Music Mark accreditation 2024/25 and works alongside the music hub to benchmark its music provision. It is not yet a leading school.</b>
There are a limited range of instrumental resources within the school.	There is adequate space and resources for teaching, including class sets of tuned and untuned instruments	Space and resources allow breadth of curriculum for all students, including access to some music technology.	Space and resources allow breadth of curriculum for all students, including access to a variety of music technology.

## 2. Music Curriculum Audit: curriculum timetabling, curriculum design and curriculum assessment

Beginning	Developing	Accomplished	Exemplary
<p>Music is delivered 'ad hoc' and not in every year group. Some students are unable to access the music provision.</p>	<p>There are dedicated weekly curriculum music lessons on the school timetable for all year groups [or equivalent where leaders can effectively discuss the music timetabling]. Provision is between 45 and 60 minutes. All students are supported to access the music curriculum, including students with SEND.</p>	<p>Whole class instrumental lessons are timetabled in addition to curriculum music lessons for at least one year group.</p>	<p>First Access continuation instrumental lessons are timetabled within the school day and/or music projects such as Little Stars, Music and Wellbeing. All pupils have x3 whole class opportunities to learn an instrument throughout KS2</p>
<p>The music curriculum is planned for some year groups. Development of a sequential and progressive curriculum is in progress. Lessons may be delivered as part of a carousel.</p>	<p>The music curriculum is planned for all year groups and there is a sequential progressive curriculum map for all year groups and stages. The curriculum provides high challenge for all students, including SEND/EAL.</p>	<p>Additional aspects of the curriculum [First Access, NMPAT projects, ensembles, 1-1 tuition] align with the music curriculum planning to support musical learning and outcomes.</p>	<p>The curriculum is planned with consideration of transition between schools at key stages in collaboration with local schools [infant into junior and primary into secondary] and pathways for learners.</p>
<p>Progress over time is not measured or celebrated.</p>	<p>There is a range of formative and summative assessment strategies used within the lesson and teachers are able to assess against end of year expectations. Students are given the opportunity to perform to their peers and teachers.</p>	<p>Teachers are able to use a range of assessment methods to evidence progression of learning. Students are given the opportunity to perform at class assemblies and end of term/year concerts to parents/carers.</p>	<p>Moderation of assessment for learning takes place across the school. There are numerous opportunities for students to perform and receive feedback about their performance / progression.</p>

### 3. Vocal strategy Audit: singing assemblies, choirs and staff singing

Beginning	Developing	Accomplished	Exemplary
Singing takes place infrequently and repertoire is not varied.	There are weekly singing assemblies for all students.
